

21 May 2021

Dear Resident Family Member

You may be aware, in 2020 the WA Government made it mandatory for all staff and visitors to residential aged care facilities to have an up-to-date influenza vaccination. Hall & Prior welcomed this mandate, which built on our proud 10+ year history of leading the aged care sector by providing free influenza vaccinations to our staff.

WA Health have again mandated influenza vaccinations for staff and visitors in 2021.

To this end, Hall & Prior will require that all staff, visitors and contractors entering our facilities provide evidence of a 2021 influenza vaccination from 1 June 2021.

Vaccination clinics for staff have been held in the majority of our homes.

If you believe you have a medical contraindication please speak to the Director of Nursing/Executive Manager, including if you cannot receive the influenza vaccination on time due to the timing of a COVID-19 vaccine. All medical exemptions will need to be assessed by our Vaccination Management Team.

This is a vitally important program to protect our staff and residents at Hall & Prior and we thank you for your support of this.

Yours truly

A handwritten signature in black ink that reads "Graeme Prior".

GRAEME PRIOR
Chief Executive Officer
