

26 August 2021

Dear Staff member

Vaccinations are one of the key steps that we can take as a workforce to protect the vulnerable people that we care for. I thank you for your commitment to the health and safety of our residents, and your fellow staff.

Hall & Prior is very proud of our Influenza immunisation program that we initiated in 2001. This is now a mandatory requirement of entry into any residential aged care facility across Australia.

The Commonwealth Government have now made it a mandatory requirement that all staff working in residential aged care homes have had at least the first dose of a TGA approved COVID-19 vaccination by 17 September 2021.

We are very excited to be able to provide in-house COVID-19 vaccinations to our employees. If you would like to make an appointment for an in-house clinic please email COVID19-vaccinations@hallprior.com.au to organise this.

Please do not hesitate to speak to Ange Day who is our Clinical Nurse Specialist - Infection Prevention & Control by calling 0491 053 642 if you have any questions.

Thank you for your continued support.

Yours truly

A handwritten signature in black ink that reads "Graeme P." with a stylized flourish at the end.

GRAEME PRIOR
Chief Executive Officer
