About Montana Aged Care Home

Nestled in the heart of Mosman, our home is a warm and welcoming community, where we are committed to ensuring our residents live their 'best lives' here in Sydney's lower north shore.

Our home specialises in supporting people with high care requirements and is staffed round-the-clock with Registered Nurses and a team who specialise in complex medical conditions, dementia care and palliative needs.

Montana is comprised of three levels with the first floor being dedicated to the care of residents living with dementia in a secure, key pad coded, carefully designed space. The ground floor is also securely key pad coded, however the care is tailored towards those with good cognitive ability. Underneath our building we have an underground carpark which offers convenient off-street parking for our visitors. Both levels have large activity and dining rooms and quiet spaces plus extensive access to our internal garden and outdoor sitting area's for residents and visitors to enjoy.

Care and dementia care

We understand that complex care needs require specialist skills and knowledge. This is why we provide 24-hour care from Registered Nurses who are supported by Assistants in Nursing and Lifestyle & Wellbeing staff. We believe every resident is a unique individual who deserves respect, dignity and the opportunity to participate in decisions which affect them.

Support from a team of clinical experts

In order to provide the best possible care, our staff are supported by a range of clinical professionals, including Speech Pathologists, Dietitians, Quality Coordinators and Physiotherapists. We also offer specialist support from qualified nurses on staff that specialise in areas of dementia support, skin integrity and infection prevention and control. They regularly visit our home and provide care plans and support for every person who calls Montana home.

Residents have access to many external medical professionals such as Dentist, Podiatrist and Geriatricians when required. Simply speak with our staff if you require an external health professional and we will work with you and your family to meet your needs.

To ensure our staff are equipped with the most up-to-date knowledge, Hall & Prior have an extensive education and training program which runs throughout the year.

Lifestyle & Menu

Staying active and socialising is part of the Montana way. Our activity program changes each month, but will always include bus trips and outings, arts and crafts, movie and theme days.

We believe that being actively engaged in the home community makes our consumers feel valued and we have a dedicated team of volunteers who provide additional entertainment and social support. We also encourage family and friends to visit as often as they wish.

Our menu reflects our Australian multi-cultural resident base. Carefully developed and regularly reviewed, our meals are both nutritionally balanced to cater to the clinical needs of our residents as well as being wonderfully tasty!

We prepare all our meals in our on-site kitchen ensuring fresh, 'home cooked' with love meals are a joy for every resident, every day.

Care for all

We believe that exceptional care should be accessible for everyone in the community.

We are a culturally inclusive community and feel we are 'richer' in our care fabric for the wonderful differences we celebrate here at Montana.

We welcome all nationalities and religions while striving to maintain appropriate care based on beliefs and personal values.

A key part of providing culturally appropriate care is being passionate about advocating for individual residents rights and providing support to achieve health and wellbeing in unique ways.

Communication and sharing information between residents, resident representatives and staff is a large part of how we are able to continually improve our care and make sure each resident and their family feel welcome and well looked after.

Extra Services

Here at Montana, our service offers some special extra's above and beyond the standard contemporary offering. These special offerings are provided as part of the 'extra services' fee that our home is licenced to provide as part of our Government Approved Provider Status.

Ask our friendly staff what you can expect as part of our extra service.

About Hall & Prior

For more than 25 years Hall & Prior has provided world-class care to individuals from all walks of life.

We believe every person is entitled to the highest standard of professional care, privacy and dignity. We are proud to promote individuality, diversity and inclusivity in our approach.

Family-owned and operated, Hall & Prior began with one home and now operates 30 across both WA and NSW.
